Read the Story

9 Look at the sky at night. You might see
18 many lights. The lights are high in the sky.
26 The lights are stars. They look tiny, but
35 they are not tiny. They are just far away.
43 You cannot see all the stars. Some stars
49 lie too far away to see.
58 Look at the sky during the day. Try to
68 see the stars. They are still in the sky. You
77 cannot see them. The sun is the only star
85 you can see. Its bright light hides the
87 other stars.
