

For Your Information: Covid-19 Vaccination

No internet to register for a vaccine?

No problem!

Please call 1-855-600-3453 to register!

All New Mexicans can register for the COVID-19 vaccine at vaccinenm.org. You'll submit basic contact information, including your employment category and medical conditions, which are used to set vaccination priorities. The Department of Health will then send you a notification when the vaccine is available to you, and you'll be able to schedule your vaccination at a provider near you. On the day of your appointment, you will fill out a medical questionnaire about your current health.

Vaccinations are free, but DOH will ask for insurance information to help support the cost of the vaccination program. Those who don't have insurance will still get vaccinated.

Meanwhile, continue to maintain COVID-safe practices: wear a mask, maintain physical distancing, avoid groups, and wash your hands often.

New Mexico Department of Health

COVID-19 Vaccine Registration

The New Mexico Department of Health (NMDOH) is leading the State of New Mexico's COVID-19 Vaccination Preparedness Planning in close collaboration with other state agencies, public, private and tribal partners throughout the state.
